

**COVID-19: The health and safety of our customers and employees are a top priority.**

At Peoples Bank, we are taking a number of proactive steps to protect our customers and employees while continuing to serve our customers and meet their financial needs.

We are aware of the growing concern of the coronavirus (COVID-19) and are actively monitoring the situation across the U.S., across Texas, and locally.

In order to be proactive, Peoples Bank is increasing our sanitation schedule and continuously disinfecting our contact surfaces. This includes our drive-thru lanes and ATMs. Employees are being educated on social distancing and enhanced cleaning procedures with the recommendations from the Centers for Disease Control and Prevention (CDC).

### **Ways you can help:**

1. Utilize our online and mobile banking services to limit person to person contact. You can access your accounts on our website, [www.peoplesbanktexas.com](http://www.peoplesbanktexas.com) or on the Peoples Bank Texas mobile app. If you aren't enrolled in online banking, you can enroll on our website or give us a call at 806-794-0044.
2. If you do need to visit a branch, customers are invited to wipe down our keypads at our drive-thru lanes and ATMs. We encourage customers to use hand sanitizer after your completed transaction.
3. Stay informed. For additional information about COVID-19, visit the CDC at <https://www.cdc.gov/>.

Peoples Bank is committed to being a responsible partner in the communities we serve. Rest assured that we are taking every measure to limit the impact of COVID-19 on our operations while safeguarding employees and customers alike.

We are proud to be your community bank and appreciate your business!
