

Effective Monday, May 18th, Peoples Bank Lobbies will be open for business, with certain guidelines.

At Peoples Bank, we are continuing to monitor COVID-19 across the U.S., Texas and locally.

Based on recent guidance from both the state and the City of Lubbock, **Peoples Bank will open all of their lobbies effective Monday, May 18th**. The lobby located at 5820 82nd Street will resume its regular Saturday schedule on Saturday, June 6th. For specific locations and hours of operation, visit our website at <https://peoplesbanktexas.com/about-us/branch-locations/>.

We will be following the recommendations given by the City of Lubbock and the Lubbock Economic Recovery Task Force to ensure we are continuing to provide a safe environment for our customers and employees.

What you can expect from Peoples Bank:

- Limiting the number of customers who can access the lobby
- Performing regular disinfecting in our public areas
- Employees will wear a face mask when working with customers
- Tables will serve as an extension of our teller line to provide extra distance between the customer and employee
- Hand sanitizer is available at every entrance

What we ask of our customers:

- Follow the safe distancing signage on the floor of the lobby
- Customers entering the lobby are encouraged to wear a face mask.

Your safety is very important to us. Our drive-thru lanes are open and continue to offer full service. We ask that you continue to utilize our drive-thru lanes as much as possible.

It is important that our customers understand that Peoples Banks remains strong and will continue our high level of customer service while ensuring a safe environment for customers and employees. We appreciate your patience and support during this unprecedented time.

This too shall pass!
